Installation units made of plastic, round
Assembly instruction
1 | Screed floors
For screed covered systems remove shuttering unit and mount directly into the opening.

2 | Hollow space- and raised floors
For hollow space and raised floors mount directly into the installation opening.

3 | Remove hinged cover
Open cover completely, pull hinge joint firmly out with tongs until the snap tabs are released from the frame. Remove cover to the front.

4 | Mounting claws
Mount the enclosed standard claw fasteners (range of claws 30 to 50 mm) into the acceptance in the frame.

5 | Fastening the installation frame
Insert frame into installation opening from the top and tighten the pre-assembled claws with a crosshead screw. Check to ensure that the frame fits tightly.

6 | Claws
Custom made applications require the use of claw UDKS 40-80. If that is the case, the pre-assembled claws are removed and replaced. Turn claw body so that the frame can be inserted from the top.

Assembly instruction

7 | The use of claws
The claws UDKS 40-80 stretch under the raised floor panel, into the screed or into the cover plate of the floor box.

8 | Inserting device containers
Click device containers as deep as possible into the lock-in leads.

9 | Lock-in leads
For lowering the device container gradually down to 30 mm.

10 | Minimum installation height
Minimum installation height 74 mm and 87 mm for device plugs up to H = 35 mm.

11 | Maximum installation height
Maximum installation height 104 mm for device plugs up to H = 50 mm.

12 | Loosen device container
Insert screwdriver or mounting lever between frame and device container. Loosen snap tab and remove device container.

13 | Insert hinged cover
Push hinge joint together with tongs until the snap tabs lock into the opening in the frame. Insert cover to the back into the frame.

14 | Glue in bottom covering
Cut bottom coverings up to 8 mm accurately fitting and glue to the steel insert. Optional lid insert H = 3 mm.

15 | Opening lever
Self-locking opening lever behind the cable outlet.
Installation units made of plastic, round
Assembly instruction

16 | Cable outlet
Swing around carriage cover by 180° and snap in.

17 | Leading cables through
Leading cables through the open cable outlet.
